Software Engineer with special focus in Web Development. Experience with scalable Back-End apps and UI development

#Skills

DevOps	Cloud Computing	Back End	Databases SQL	Front End	Frameworks
Jenkins/GitLab CI	AWS Lambda	Python	PostgreSQL	HTML5	**Front End**
Version Control	AWS Api Gateway	Java	MySQL	CSS	Bootstrap/MDBootstrap
Maven	AWS Code Build	Groovy	Oracle	JavaScript	JQuery
Docker/Compose/Swarm	AWS Code Pipeline	Rest	**NoSQL**	Framer	Angular
Kafka	AWS S3	Tdd	MongoDB	Wireframing	**Back End**
Logstash	AWS SNS	Api Contract	DynamoDB		Flask/Spring
SonarQube	AWS SQS		Redis		Pytest/Junit
Ansible	AWS Policies and Permissions		Elasticsearch		Swagger/RAML

#Professional Experience

Software Engineer – everis - São Paulo, Brazil - may/2020 - present

Worked inside the Digital Architecture Cluster helping teams from companies like Itaú to achieve their goals. Helped an Energy Trading team to **automate more than 70% of their manual work**. Also contributed in a API Governance team being responsible for keeping Gateway and STS solutions, CI/CD pipelines and API best practices evangelization (AWS Infrastructure, Groovy, Python, Shell Script, Rest, GitLab CI, Jenkins, RAML, Swagger, Api Management)

Freelance Software Engineer - mitosfc.com, São Paulo, Brazil - dec/2020 – jan/2021

Developed a responsive single page WebSite for Mitos Futebol Clube, a Futsal Team based in Rio de Janeiro, Brazil (HTML5, CSS3, Bootstrap, JavaScript, Angular, Frame, Git/ Github, GitHub Pages)

Software Engineer – Ericsson - São Paulo, Brazil - 2018/nov – 2020/may

Worked with high availability architecture and scalable back-end designs. Responsible for building and keeping QA environments, CI/CD pipelines and UI development (HTML5, CSS, JavaScript, Jquery, Bootstrap, MDBootstrap, Java, Spring, Python, Oracle, MongoDB, Kafka, Logstash, Docker/Compose/Swarm, SonarQube, Tdd, Maven, Junit, Redis, Elasticsearch, Rest, Jenkins, Nginx, Ansible)

Freelance Software Engineer - centromedicozegaroto.com.br - São Paulo, Brazil - 2019/sep – nov/2019

Developed a responsive single page WebSite for Centro Médico Zé Garoto, a medical center based in Rio de Janeiro, Brazil (HTML5, CSS3, Bootstrap, JavaScript, Jquery, LeafletJs, Python, Flask, WhatsApp API, Heroku)

#Education

Full Stack Developer Specialization - **Udacity**, 2019
